EG's Ride

Five riders met at Low Bridge. Promise of a good days cycling, sunshine and hardly any wind. Set off easterly to take tea with the ladies of Minskip in their village hall. After tea John left us to returned home due to time constraints. The four remaining riders Bill W, Norman, Terry and Dave P headed north to Norton le Clay, Cundall, Asenby, Rainton and Ripon and of course Spa Gardens Cafe. Here Bill polished off a two course meal, the rest of us eating cake (which are of course home-made).

Returning via Bishop Monkton and Farnham, the skies darkened especially of Harrogate in the distance. Luck being with us we seemed to have found a gap in the clouds, however coming out of Starbeck we had hail (but not for long). But Harrogate seemed to have had a downpour which we missed.

A good days cycling with riders doing 46 to 50 miles door to door. Dave P
