EG's Report

With the promise of a sunny cycling day DP arrived early at Low Bridge and feeling the need for an early caffeine fix cycled on Waterside to the Riverside Cafe to be met by Terry coming the other way. So it was two coffees and a chat in the sun before back to Low Bridge. Dave R, Dave W and John then joined us for our run. Lotherton Hall was the decided destination, so on to Wetherby and the cycle path to Thorpe Arch, noting that the fallen tree across the path had been cleared (well done somebody here). Tea and snacks at Tykes Tea rooms in Tadcaster. After tea Dave R and John left us to return to Harrogate.

Dave P, Dave W and Terry continued out of Tadcaster on the A162 to Towton then on the B1217 to Lotherton Hall to have our snacks/banana break on the tables and benches in the park. Here again we met John Johnson and partner (from York Section) who we had previously met in Tykes Tea Rooms.

After an ice cream it was on to Aberford, Barwick in Elmet, Scholes, Thorner, Collingham, Linton, Sicklinghall and stop for a snack and drink at the pub shop in Kikby Overblow. This is becoming very handy for those "gosh I could do with a stop now" runs. Then on to Harrogate, total mileage around 50 miles, with excellent cycling weather, the wind also being reasonably kind to us a brisk pace was maintained. DP
