## Wednesday Evening Ride

---

Sometimes the weather luck just doesn't run the way of the Wednesday Wheel Easy Group, and soon after the nine of us set off from St Winifred's Avenue the rain came down. Not to be easily beaten we pressed on, and even Sue without a waterproof jacket stayed with us until nearly into Beckwithshaw.

After Beckwithshaw it was a quick turn south up the long hill and left at the crossroads bringing us back to Burn Bridge, and then home - a total of 12 miles. A curtailed ride by our usual standards but it was good to get the legs moving.
