## Martin's 'Tea and Tyres' Workshop

---

A total of 9 people took advantage of the workshops at Martin and Yvonne's house last week. Everyone spent a busy evening on the drive repairing their own punctures and generally getting thoroughly greasy. Joan in particular came up with a new version of make-up which included black highlighted cheeks. Wow!

Tea and flapjack was enjoyed with some relief (by Martin) and with a sense of achievement (by everyone else).

I am pleased to say the donations for the Bilton to Ripley route totalled £s;40. A great contribution towards the route. MW
