Wheel Easy Ride Report 194

Hornbeam

Walk

Report

Fourteen Wheel Easy members and partners met up at Hornbeam for a walk and despite the dismal forecast enjoyed a sunny morning's walk. We walked behind Hornbeam and along the bridleway to Leeds Road and then worked our way along footpaths to Stone Rings Lane, Leadhall Lane, Green Lane, Whinney Lane and Lady Lane (lots of lanes) until we got to Harlow Carr. There we almost caught up with Caroline, Max, John and Trish who had taken a short cut. We all met in the Valley Gardens for coffee and a chat. Crawford suggested that Wheel Easy be commended for an MBE or such for providing such well appreciated continuous "entertainment" for its members whatever the weather! It is quite hard work trudging through the snow but the rewards of the clear views, amazing icicles hanging off houses, some four foot long are well worth the effort. Everyone will have walked at least 5 or 6 miles and Paul, Gia and Malcolm coming in from Pannal as many as 7 or 8 miles. Other members of today's "team" were Big John, Mary, Jo and Bruno (her dog) two Lyndas and Sue C who has kept up her record of appearing in almost every Wheel Easy photo! Gia
