## Wheel Easy Ride Report 451

---

### Ride to Wetherby

Together with Fiona and Jennifer we cycled to Wetherby and met with Nicky and Graham near Follifoot. Despite the drizzle we enjoyed a good ride and warm up in Costa in Wetherby for pre Christmas coffees and mince pies. Home in time for lunch and neither too wet nor cold! A good ride, thanks for all of you who turned out today and have a good Christmas break. Gia M

### Long Ride

Six riders left Hornbeam with the prospect of a wet and windy ride. We left Harrogate in persistent drizzle and the wind at our backs. The drizzle petered out as we made our way to Boroughbridge. As we approached Wath the weather to the north, where the proposed route would take us, was not encouraging therefore an alternative route was agreed on. This consisted of going to Masham via West Tanfield and High Burton. The ride to Masham was accompanied by drizzle and gusty winds. On leaving Masham the drizzle continued but the wind abated much to the relief of all the riders. We returned to Harrogate via Kirkby Malzard, Winksley, Fountains, Ripley and the Greenway. Peter J
